Frozen 2

Movie Review

The Plot

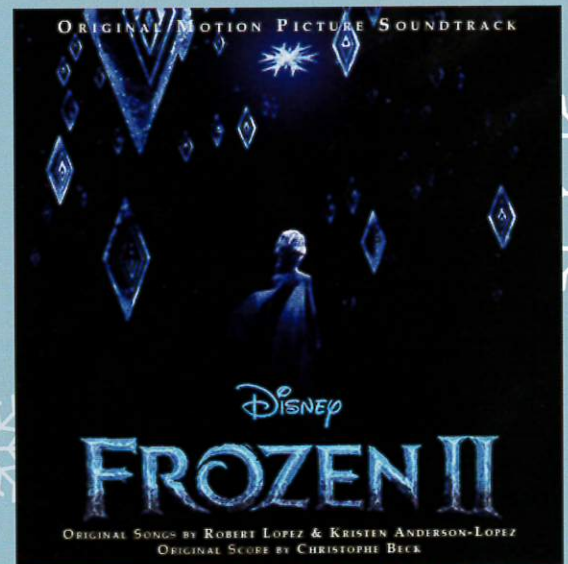

Set three years after the events of the first film "Frozen", the story follows Elsa, Anna, Kristoff, Olaf, and Sven, who embark on a journey beyond their kingdom of Arendelle in order to discover the origin of Elsa's magical powers and save their kingdom after a mysterious voice calls out to Elsa.

Our Opinion

Personally, we really like this movie better than "Frozen".

Anna and Elsa are finally getting along and Elsa understands how to control her powers. This movie got us excited when the weird voice came into the story.

SPRING PERFORMANCE

by Steve Loo and Edison L. Chi

Since there wasn't Spring Fair because of the virus, we had Spring Performance. It was an event where students in the school performed, showing off their many talents.

This spring performance had Rock Band, this-or-that, and student performances. It also included charity for healthcare workers, such as doctors, nurses, etc. Due to COVID-19, viewers had to watch on Facebook Live.

Yuri on Ice:

Our Favorite Anime

"Yuri on Ice" is an anime about an iceskating competition (ISU). The main characters are Yuri and his coach, Victor. First Yuri fails the competition. When he goes back to Japan, he copies Victor's ice skating performance, a kid videos it, and then Victor sees it online. After he watches the video, Victor comes to Japan and finds Yuri. Victor becomes his coach after he sees the video. After that, Victor takes Yuri to all of the ISU competitions. Their goal is to win the gold medal in the final. We like this anime because the story is very interesting and realistic, the style and songs of this anime are very pretty and nice, so we like it. Every character has their own style and personality. Also, every character looks handsome.

ADIDAS.THE.BEST

Adidas was founded by Adolf Dassler who made sports shoes in his mother's scullery. Now ADIDAS sports shoes are designed by Adidas.

Decades ago, West Germany adopted a breakthrough scientific and technological achievement, that is, the design of the freely removable shoe spikes under the soles.

When the weather and venue conditions are good, short spike are best. And when it rains, one should use long nails to fix it under the soles of the shoes, in order to get more grip on the muddy ground

PUMA shoes and apparel are extremely popular in the hip-hop graffiti culture, both in the United States and abroad. PUMA is also affiliated the hip-hop culture of the 1980s, along with Adidas.
